

TRANSDEV YELLOW BUSES

Welcome to Bournemouth!

The UKPHA is delighted to be working with their Public Transport Partner, Transdev Yellow Buses to make it easier than ever for delegates to travel to the Annual Forum by public transport! Transdev Yellow Buses provide a frequent bus service from Bournemouth Train Station to the Bournemouth International Centre (BIC) and it's only a 10 minute journey time. Most conference hotels are just a short walk from the BIC.

Transdev Yellow Buses are dedicated to the local community as well as to the environment. They run a 'Carbon Stoppers' initiative called 'Thank You Thursdays' where every trip taken on the day contributes to a Community Chest for local charities in partnership with the Bournemouth Echo.

The aims of Carbon Stoppers are simple:

- Reduce congestion
- Improve the environment
- Benefit the people of Bournemouth, Poole and Christchurch

If you travel on Transdev Yellow Buses on Thursday, you will be contributing too!! And if you keep hold of your bus ticket, you can enter the UKPHA public transport prize draw at the Forum!

For more details and to check the times of the services from the station visit their website at:
